BACKGROUND

A Work Experience (WEX) is a planned, structured, contractual learning experience in a workplace for a limited period of time. A Work Experience is a career service that provides participants with opportunities for career exploration and skill development, must include academic and occupational education concurrently or sequentially, and is linked to a potential career choice.

Definitions

Incentive - Remuneration to participants for successful participation and achievement of expected outcomes as defined in the Individual Education/Employment Plan (IEP).

Individual Employment Plan (IEP) - An individualized career service that is developed jointly by the participant and career planner. The plan is an ongoing strategy to identify employment goals, achievement objectives, and an appropriate combination of services for the participant to achieve the employment goals.

Internship - A system of gaining on-the-job experience by placement in a work environment for a period of time with the goal to build technical and job awareness skills. Internships may be paid or unpaid.

Job shadowing - A short-term unpaid activity which introduces a participant to the workplace and provides exposure to occupational areas of interest to increase career awareness.

On-the-job training (OJT) - Training by an employer that is provided to a paid participant while engaged in productive work in a job that:

1. Provides knowledge or skills essential to the full and adequate performance of the job;
2. Is made available through a program that provides reimbursement to the employer of a percentage of the wage rate of the participant; and
3. Is limited in duration as appropriate to the occupation for which the participant is being trained, taking into account the content of the training, prior work experience of the participant, and the service strategy for the participant.

Transitional Jobs – Transitional jobs are a type of paid work-experience that are time-limited and are designed to enable an individual to establish a work history, demonstrate work success in an employee-employer relationship, and develop the skills that lead to unsubsidized employment. These jobs can be in the public, private, or nonprofit sectors.

Policy and Procedures

A Work Experience must be related to the participant's long-term employment goal. The assessment process and development of the Individual Employment Plan (IEP) helps to identify appropriate worksites for each participant. Work experience should help the participant gain the competencies and experience needed to meet local employer demands. In determining an appropriate length of time, consideration should be given to the skill requirement of the position, the academic and occupational skills level of the participant, prior work experience, and the participant's IEP. The assessment process may identify concerns or issues that should be addressed prior to, or concurrently with a Work Experience. Service Provider Case Managers must make appropriate referrals if such issues are identified.

Work Experience is designed to promote the development of good work habits and basic work skills for individuals who have never worked, have very limited occupational exposure or have been out of the labor force for an extended period of time. Work Experiences should enable

adults, dislocated workers, and youth to gain exposure to the working world and its requirements.

Work Experience is paid or unpaid and may include, but is not limited to, internship and job shadowing. It may be in the private for-profit sector, the non-profit sector or the public sector. It is not designed to replace an existing employee or position. Work Experience wages are paid directly to the Work Experience participant and not the Work Experience employer. Employers are not monetarily compensated. Work experience, including internships, in the private for-profit sector must be structured so as not to appear to be subsidizing private for-profit operations. The work of the participant should not materially impact the profit margin of a private-for-profit company.

Participant Eligibility

All Work Experience participants must meet WIOA program eligibility requirements, be enrolled into the respective WIOA program, and have received an assessment resulting in the development of an IEP that documents the participant's need and benefit of having Work Experience. A Work Experience is not intended for long-term skill building within the occupation, but rather as an entry step for the participant to explore the occupation, develop their skills, gain work history and references. A likely candidate for work experience is a participant who is appropriate for long term employment in a particular industry or occupation but does not have all of the skills or the experience to qualify for entry-level employment in the field. The education component must be documented on the Training Plan, Individual Employment Plan (IEP) and in CalJOBS for those programs that utilize it.

Non-WIOA Funded participants must adhere to the participant eligibility standards as identified by the funding source.

Determining "Trainee" versus "Employee"

Work experience may be paid or unpaid. It is expected that work experience will be paid in most cases and the federal Fair Labor Standards Act (FLSA) will apply in any situation where an employer/employee relationship exists. WIOA participants are subject to the requirements of the FLSA to the extent that the activities performed in the work experience constitute employment.

According to the Wage and Hour Division of the U.S. Department of Labor, Employment Standards Administration, if all of the following six (6) items exist, the work experience can be considered a "training" situation and an employment relationship does not exist under the FLSA:

1. The training, even though it includes actual operation of the facilities of the work experience provider is essentially a training experience similar to a vocational school;
2. The participant is primarily the beneficiary of the experience;
3. Regular employees are not displaced, and the experience is closely supervised/observed;
4. The work experience provider that hosts the experience derives no immediate or significant advantage (and may even be adversely impacted);
5. The participant is not guaranteed a job at the conclusion of the experience; and
6. There is mutual understanding between the participant and the host agency that the participant is not entitled to wages for this time because the activity is essentially a training experience.

If the participant is a "trainee" and an employment relationship does not exist under the FLSA, the FLSA's minimum wage and overtime provisions do not apply to the participant.

If the participant is engaged in the primary operations of the work experience provider and is performing productive work (for example, filing, performing other clerical work, or assisting customers), then the participant is receiving some benefits in the form of a new skill or improved work habits and is unlikely a trainee. If the worksite uses the participant as a substitute for regular full time or part time employees, it is more likely that the participants are employees as opposed to trainees. Also, if the work experience provider would have needed to hire additional employees or require overtime had the participants not performed the work, then the participants are likely employees.

Unpaid Work Experience

Unpaid work experience activity exposes participants to the working environment and an individual does not expect payment for tasks performed. An employer and employee relationship must not exist, which means that all six conditions listed in the Determining "Trainee" versus "Employee" section of this policy letter must be met. The use of unpaid work experience should be limited.

Unpaid work experience may include job shadowing. A participant experiences the work environment to increase career awareness, observe models of behavior on the job through examples, and receives help in making career decisions. Job shadowing can reinforce the link between classroom learning and work requirements. Job shadowing is limited and allows participants to observe only.

If the employer is providing job shadowing opportunities whereby the participant learns certain functions under the close and constant supervision of regular employees, but performs no or minimal work, this type of activity is more likely to be a bona fide training program. However, if the participant receives the same level of supervision as employees, this would suggest an employment relationship.

General Work Experience Requirements

1. Worksites

- OC Workforce Development Board's (OCWDB) Business Solutions are to select worksites based on Orange County's in-demand industry sectors;
- OCWDB Business Solutions shall develop and maintain a pool of worksites that provide a wide range of training opportunities to the participants and enhance their skills development;
- The list of worksites shall include the following information:
 - Name and address of employer/worksite
 - Name, position title, email address and phone number of supervisor
 - Status: Active, In Progress, or Inactive
 - For active worksites: name of participants placed, cumulative number of actual hours completed, actual start date and anticipated/actual end date
- Worksites must follow all labor standards in any Work Experience with an employee/employer relationship, as defined by the Fair Labor Standards Act or applicable State law;
- OCWDB Business Solutions will identify and evaluate worksites to determine the appropriateness of utilizing the employer for work experiences. The evaluation components should include provisions of the worksite agreement such as safety, labor law requirements, status of layoffs, etc. In addition, it should evaluate age appropriateness and level of exposure to work readiness and job skills, type of supervision available, as well as review the previous work experience placements at the same location.

Potential worksite employers should also demonstrate a commitment to helping participants receive the experience and training needed to meet their goals. As part of participation, these employers should be willing to work closely with OCWDB Business Solutions, especially since participants have barriers to employment. Proper worksite supervision should be one of the factors that are reviewed prior to placement of the participant in the activity.

Individuals who have been hired by a worksite and subsequently referred to OCWDB Business Solutions are not to be considered for the Work Experience activity. The worksite should commit to the individual training with the belief that the individual is fully capable of performing the tasks required with little or no assistance.

A Work Experience agreement must not be executed with an employer who has received payments under previous work-based services and the employer has exhibited a pattern of failing to provide a positive Work Experience. This includes those employers for On-the-Job Trainings (OJT) where a participant was not provided continued long-term employment, wages, benefits, and working conditions that are not equal to those provided to similarly situated employees.

2. Worksite Agreement & Work-Based Training Plan

- A worksite agreement shall be fully executed between worksite, Service Provider Site Manager, OCWDB staff, Employer of Record representative and participant before a participant is allowed to start.
- A worksite agreement template (Attachment I) provided by the OCWDB shall be used.
- A copy of the signed Worksite Agreement (Attachment I), Work-Based Training Plan (Attachment II) and timesheets (See Attachment III: Model Timesheet) will be kept in the participant file (hard copy and electronically).
- At minimum, the work site agreement shall provide the following:
 - Names and contact information of all parties
 - Names and titles of all employer staff authorized to sign the participant's timesheet
 - Responsibilities and expectations of the participant, the Worksite/Employer and Provider staff
 - The job title, wage, detailed list of specific skills to be learned, timeline and benchmarks to be achieved, weekly schedule, and number of hours to be completed with the participant as outlined in the Work-Based Training Plan (See Attachment II).
 - Worksite will regularly submit timesheet of participants
 - Worksite will provide regular written evaluation of participants
 - Worksite will provide a written job description and responsibilities to participant
 - Identification of the legal requirements that must be met, including worksite safety requirements
 - Statement informing the worksite that they may be subject to worksite monitoring by both the local and State representatives, as well as regular visitations by OCWDB Business Solutions
 - Provision of termination of the agreement/contract for non-performance or failure to meet the requirements of the agreement/contract
 - Non-discrimination and equal opportunity clauses
 - Statement that the activity will not displace employees

- Statement that participants must not be engaged in sectarian activities
- Other information, relative to the specific activities
- Signatures and dates from the worksite, Service Provider Site Manager, OCWDB staff, Employer of Record representative, and participant

3. Wages and Hour Limits

(These requirements apply to all programs except for the Youth Program and special grant programs as described in the sections below.)

- Worksite placement is limited to a timeframe of three weeks to twelve weeks. The exact duration will be based on appropriation for the participant's employment goals, background and skill level as reflected in the IEP.
- OCWDB Business Solutions shall allow for at least fifteen hours a week of work, but no more than 30 hours and not to exceed 120 hours per month. More than 120 hours in a month will require approval from the Orange County Director of Workforce Development.
- Pay an hourly wage at a rate of pay that meets at least the California minimum hourly wage and at the same rates as similarly situated employees or trainees, subject to the Fair Labor Standards Act
- The maximum allotment for a participant's wage is \$6,200.00. If it is determined necessary for a participant to receive hours or wages exceeding the maximum allotment, the OCWDB Business Solutions must request advance approval from the Orange County Director of Workforce Development.
- Service Providers may only use up to 10 percent of adult and dislocated worker formula funds for Work Experience and Transitional Jobs.
- Availability of additional funding may also be cause for changes and/or exemptions to this policy.

4. Worksite Monitoring

- OCWDB Business Solutions will conduct worksite monitoring with each active worksite at least twice per program year and complete WEX Desk Procedure Attachment III: Worksite Monitoring Form. Active worksites shall be monitored by OCWDB staff and the OCWDB Business Solutions to ensure compliance with the Worksite Agreement & Training Plan.
- OCWDB Business Solutions will conduct an annual on-site visit to complete the Initial Worksite Evaluation Form to ensure they remain in compliance
- Results of the monitoring review shall be documented, filed and made available to the OCWDB, state, or federal staff upon request.
- Any worksite that demonstrates a pattern of non-compliance shall not continue as a worksite.
- Where a waiver of any OCWDB policy provisions is needed, a formal waiver request must be approved by the Orange County Director of Workforce Development before any Worksite Agreement is executed.

5. Timesheets

- Participants in a work experience will be hired and compensated by the County of Orange Contracted Employer of Record and/or by Third-Party Employer of Record.
- County of Orange Contracted Employer of Record and/or Third-Party Employer of Record covers a participant's wages, Federal Insurance Contributions Act (FICA) and workers compensation. Work Experience participants do not receive

benefits such as health care, 401K, paid-time off, overtime, etc. The employer of record will be responsible for paying all taxes.

- Payroll must be strictly based on timesheets completed by the participants, reviewed and signed by the Supervisor and duly approved by designated Service Provider Staff for payment. (See Attachment III - Model Timesheet).
- All timesheets must be kept in the participant's file (hard copy and electronically).

6. Work-Based Training Plan

A Work-Based Training Plan shall be completed for every participant prior to starting any Work Experience assignment and will accompany the Worksite Agreement. All Work-Based Training Plan documents will be kept in the participants' file.

Requirements specific to WIOA youth programs

A Work Experience is one of the 14 Youth service elements that must be made available to all registered participants and should be offered throughout the program year. Work Experiences are arranged in conjunction with OCWDB Business Solutions, and businesses in the community. A Work Experience is established on an individual basis.

The primary intent of Work Experience is to help the participant(s) understand proper workplace behavior and what is necessary in order to attain and retain employment. Work Experiences should help participants(s) acquire the personal attributes, knowledge, and skills needed to obtain a job and advance in employment. Work Experience can serve as a stepping-stone to unsubsidized employment and is an important step in the process of developing a career pathway. All Work Experiences should expose participant(s) to realistic working conditions and task as much as possible. OCWDB Business Solutions are encouraged to identify a worksite mentor that the participant can meet with on a structured basis, to assist with answering questions and addressing concerns. The mentor should be someone who is comfortable offering guidance, support and encouragement to develop the competence and characteristics of the participant.

Earn and Learn opportunities

An Earn and Learn program is a specialized occupational skills training program that includes elements required in the WIOA youth program. The program may be done in-person or through a virtual platform. The participant earns a stipend when participating in the "live" classes and when completing projects required for the program. A participant is expected to have a "product" upon completion of the Earn and Learn program. In line with general youth experience guidelines, participants must not exceed thirty (30) hours per week and may not exceed \$550.00 per week paid at \$17 per hour.

Youth Work Experience Funding Requirements

Service Providers must spend at least 30% of their overall WIOA youth funding, after subtracting the administrative costs, on Work Experience (WEF) activities, including participant wages as well as staffing costs associated with the development and management of Work Experience, even if the Work Experience is unpaid. Allowable expenditures beyond wages may include the following:

1. Staff time spent identifying potential work experience opportunities.
2. Staff time working with employers to develop the work experience.
3. Staff time spent working with employers to ensure a successful work experience.
4. Staff time spent evaluating the work experience.
5. Classroom training or the required academic education component directly related to the work experience.
6. Orientation sessions for participants and employers.

WEF expenditures shall coincide with specific WEF budgeted line items and shall be tracked and reported on the monthly Service Provider invoices.

The duration of the WEX shall begin with 12 weeks. If a modification/extension is needed, OCWDB Business Solutions will review on a case-by-case basis and complete a Modification Form (Attachment V) which must be signed by all parties for proper approval. Extensions may not exceed 10 months and/or 600 hours. A tracking sheet shall be maintained by the Provider to ensure that actual WEX hours do not exceed the allowable limit.

WEX participants must be paid at a rate that meets at least the California minimum hourly wage.

The OCWDB Business Solutions and Service Provider must ensure compliance with child labor laws and ensure that youth participants under 18 years old obtain a work permit (unless not required to have one). The employer must possess a valid Permit to Employ and Work and comply with all applicable federal and state child labor laws if the participant is less than 18 years of age. Proof of age and parental consent must be given for both paid and unpaid work experience. See Youth Employment Summary Chart (Attachment IV) for additional information.

Special projects may require an exemption to both WEX limitations on hours and wage levels for some or all participants. The Orange County Director of Workforce Development may approve WEX waivers. Waiver request must be submitted in writing. Participants may not exceed the 600 hour limit PRIOR to the date of waiver approval.

Special Grant Work Experience

Special grant programs may be implemented that require different Work Experience hours and funding levels. If staff are providing case management for a non-WIOA funded Work Experience services (ex. Social Services Agency (SSA) Employment Preparation Program (EPP), Work Experience (WEX) or Vocational Training Program (VTR) funded work experience), it is appropriate to follow the grant requirements and document in the participant case file the staff related cost and the non-WIOA funded contractual requirements.

SSA durational guidelines include:

1. EPP: Paid work experience may not exceed one year; this includes one initial 6-month term, with the option to extend for two additional 3-month terms.
2. WEX: Paid work experience may not exceed a total of 4 months; this includes one 3-month term, with the option to renew for one additional one-month term.
3. VTR: Unpaid work experience may not exceed 12 months; there is no option to renew with VTR.

Case File

Documentation will be kept in the participant's file (hard copy and electronically), which should include, at a minimum, the following items:

1. An assessment and IEP indicating a need for Work Experience;
2. A copy of the agreement between the participant, the worksite or host site and the OCWDB, including the Work-Based Training Plan, and any other attachments to the agreement;
3. Time sheets, attendance sheets and performance records, as appropriate; and
4. Documentation of supportive services received by the participant.

MIS CalJOBS Requirements

Activities must be coded in CalJOBS using the most appropriate activity codes and indicating corresponding start and end dates. Applicable Measurable Skills Gains must be recorded in CalJOBS upon successful completion of activities.

ACTION

Bring this policy to the attention of all affected staff and all relevant parties.

The U.S. Department of Labor considers the phrase "when school is in session" to mean the scheduled schooldays of the public school system in the county where the minor resides. A school week under federal standards is any week during which school is in session for at least one day. Thus, school is considered in session during any week that has at least one scheduled schoolday. Since the school session is derived from the schedule for the county's public schools, school may be considered in session for a minor who attends a private school that is closed during the summer if the public schools are in session at that same time.

**A "schoolday" is any day that the minor is required to attend school for 240 minutes or more.

BACKGROUND

A Work Experience (WEX) is a planned, structured, contractual learning experience in a workplace for a limited period of time. A Work Experience is a career service that provides participants with opportunities for career exploration and skill development, must include academic and occupational education concurrently or sequentially, and is linked to a potential career choice.

Definitions

Incentive - Remuneration to participants for successful participation and achievement of expected outcomes as defined in the Individual Education/Employment Plan (IEP).

Individual Employment Plan (IEP) - An individualized career service that is developed jointly by the participant and career planner. The plan is an ongoing strategy to identify employment goals, achievement objectives, and an appropriate combination of services for the participant to achieve the employment goals.

Internship - A system of gaining on-the-job experience by placement in a work environment for a period of time with the goal to build technical and job awareness skills. Internships may be paid or unpaid.

Job shadowing - A short-term unpaid activity which introduces a participant to the workplace and provides exposure to occupational areas of interest to increase career awareness.

On-the-job training (OJT) - Training by an employer that is provided to a paid participant while engaged in productive work in a job that:

1. Provides knowledge or skills essential to the full and adequate performance of the job;
2. Is made available through a program that provides reimbursement to the employer of a percentage of the wage rate of the participant; and
3. Is limited in duration as appropriate to the occupation for which the participant is being trained, taking into account the content of the training, prior work experience of the participant, and the service strategy for the participant.

Transitional Jobs – Transitional jobs are a type of paid work-experience that are time-limited and are designed to enable an individual to establish a work history, demonstrate work success in an employee-employer relationship, and develop the skills that lead to unsubsidized employment. These jobs can be in the public, private, or nonprofit sectors.

Policy and Procedures

A Work Experience must be related to the participant's long-term employment goal. The assessment process and development of the Individual Employment Plan (IEP) helps to identify appropriate worksites for each participant. Work experience should help the participant gain the competencies and experience needed to meet local employer demands. In determining an appropriate length of time, consideration should be given to the skill requirement of the position, the academic and occupational skills level of the participant, prior work experience, and the participant's IEP. The assessment process may identify concerns or issues that should be addressed prior to, or concurrently with a Work Experience. Service Provider Case Managers must make appropriate referrals if such issues are identified.

Work Experience is designed to promote the development of good work habits and basic work skills for individuals who have never worked, have very limited occupational exposure or have been out of the labor force for an extended period of time. Work Experiences should enable

adults, dislocated workers, and youth to gain exposure to the working world and its requirements.

Work Experience is paid or unpaid and may include, but is not limited to, internship and job shadowing. It may be in the private for-profit sector, the non-profit sector or the public sector. It is not designed to replace an existing employee or position. Work Experience wages are paid directly to the Work Experience participant and not the Work Experience employer. Employers are not monetarily compensated. Work experience, including internships, in the private for-profit sector must be structured so as not to appear to be subsidizing private for-profit operations. The work of the participant should not materially impact the profit margin of a private-for-profit company.

Participant Eligibility

All Work Experience participants must meet WIOA program eligibility requirements, be enrolled into the respective WIOA program, and have received an assessment resulting in the development of an IEP that documents the participant's need and benefit of having Work Experience. A Work Experience is not intended for long-term skill building within the occupation, but rather as an entry step for the participant to explore the occupation, develop their skills, gain work history and references. A likely candidate for work experience is a participant who is appropriate for long term employment in a particular industry or occupation but does not have all of the skills or the experience to qualify for entry-level employment in the field. The education component must be documented on the Training Plan, Individual Employment Plan (IEP) and in CalJOBS for those programs that utilize it.

Non-WIOA Funded participants must adhere to the participant eligibility standards as identified by the funding source.

Determining "Trainee" versus "Employee"

Work experience may be paid or unpaid. It is expected that work experience will be paid in most cases and the federal Fair Labor Standards Act (FLSA) will apply in any situation where an employer/employee relationship exists. WIOA participants are subject to the requirements of the FLSA to the extent that the activities performed in the work experience constitute employment.

According to the Wage and Hour Division of the U.S. Department of Labor, Employment Standards Administration, if all of the following six (6) items exist, the work experience can be considered a "training" situation and an employment relationship does not exist under the FLSA:

1. The training, even though it includes actual operation of the facilities of the work experience provider is essentially a training experience similar to a vocational school;
2. The participant is primarily the beneficiary of the experience;
3. Regular employees are not displaced, and the experience is closely supervised/observed;
4. The work experience provider that hosts the experience derives no immediate or significant advantage (and may even be adversely impacted);
5. The participant is not guaranteed a job at the conclusion of the experience; and
6. There is mutual understanding between the participant and the host agency that the participant is not entitled to wages for this time because the activity is essentially a training experience.

If the participant is a "trainee" and an employment relationship does not exist under the FLSA, the FLSA's minimum wage and overtime provisions do not apply to the participant.

If the participant is engaged in the primary operations of the work experience provider and is performing productive work (for example, filing, performing other clerical work, or assisting customers), then the participant is receiving some benefits in the form of a new skill or improved work habits and is unlikely a trainee. If the worksite uses the participant as a substitute for regular full time or part time employees, it is more likely that the participants are employees as opposed to trainees. Also, if the work experience provider would have needed to hire additional employees or require overtime had the participants not performed the work, then the participants are likely employees.

Unpaid Work Experience

Unpaid work experience activity exposes participants to the working environment and an individual does not expect payment for tasks performed. An employer and employee relationship must not exist, which means that all six conditions listed in the Determining "Trainee" versus "Employee" section of this policy letter must be met. The use of unpaid work experience should be limited.

Unpaid work experience may include job shadowing. A participant experiences the work environment to increase career awareness, observe models of behavior on the job through examples, and receives help in making career decisions. Job shadowing can reinforce the link between classroom learning and work requirements. Job shadowing is limited and allows participants to observe only.

If the employer is providing job shadowing opportunities whereby the participant learns certain functions under the close and constant supervision of regular employees, but performs no or minimal work, this type of activity is more likely to be a bona fide training program. However, if the participant receives the same level of supervision as employees, this would suggest an employment relationship.

General Work Experience Requirements

1. Worksites

- ~~Service Providers~~ OC Workforce Development Board's (OCWDB) Business Solutions are to select worksites based on Orange County's in-demand industry sectors;
- ~~Service Providers~~ OCWDB Business Solutions shall develop and maintain a pool of worksites that provide a wide range of training opportunities to the participants and enhance their skills development;
- The list of worksites shall include the following information:
 - Name and address of employer/worksite
 - Name, position title, email address and phone number of supervisor
 - Status: Active, In Progress, or Inactive

- OCWDB Business Solutions ~~in conjunction with Service Providers~~ will identify and evaluate worksites to determine the appropriateness of utilizing the employer for work experiences. The evaluation components should include provisions of the worksite agreement such as safety, labor law requirements, status of layoffs, etc. In addition, it should evaluate age appropriateness and level of exposure to work readiness and job skills, type of supervision

available, as well as review the previous work experience placements at the same location.

Potential worksite employers should also demonstrate a commitment to helping participants receive the experience and training needed to meet their goals. As part of participation, these employers should be willing to work closely with ~~Service Provider~~ OCWDB Business Solutions staff, especially since participants have barriers to employment. Proper worksite supervision should be one of the factors that are reviewed prior to placement of the participant in the activity.

Individuals who have been hired by a worksite and subsequently referred to ~~Service Provider~~ OCWDB Business Solutions are not to be considered for the Work Experience activity. The worksite should commit to the individual training with the belief that the individual is fully capable of performing the tasks required with little or no assistance.

A Work Experience agreement must not be executed with an employer who has received payments under previous work-based services and the employer has exhibited a pattern of failing to provide a positive Work Experience. This includes those employers for On-the-Job Trainings (OJT) where a participant was not provided continued long-term employment, wages, benefits, and working conditions that are not equal to those provided to similarly situated employees.

2. Worksite Agreement & Work-Based Training Plan

 - Names and contact information of all parties
 - Names and titles of all employer staff authorized to sign the participant's timesheet
 - Responsibilities and expectations of the participant, the Worksite/Employer and Provider staff
 - The job title, wage, detailed list of specific skills to be learned, timeline and benchmarks to be achieved, weekly schedule, and number of hours to be completed with the participant as outlined in the Work-Based Training Plan (See Attachment II).
 - Worksite will regularly submit timesheet of participants
 - Worksite will provide regular written evaluation of participants
 - Worksite will provide a written job description and responsibilities to participant
 - Identification of the legal requirements that must be met, including worksite safety requirements
 - Statement informing the worksite that they may be subject to worksite monitoring by both the local and State representatives, as well as regular visitations by ~~Service Provider~~ OCWDB Business Solutions staff

- Provision of termination of the agreement/contract for non-performance or failure to meet the requirements of the agreement/contract
- Non-discrimination and equal opportunity clauses
- Statement that the activity will not displace employees
- Statement that participants must not be engaged in sectarian activities
- Other information, relative to the specific activities
- Signatures and dates from the worksite, Service Provider Site Manager, participant OCWDB staff, Employer of Record representative, and participant Provider staff
- ~~Where a waiver of any OCWDB policy provisions is needed, a formal waiver request from the Provider must be approved by the Orange County Director of Workforce Development before any Worksite Agreement is executed.~~

3. Wages and Hour Limits

(These requirements apply to all programs except for the Youth Program and special grant programs as described in the sections below.)

- Worksite placement is limited to a timeframe of three weeks to twelve weeks. The exact duration will be based on appropriation for the participant's employment goals, background and skill level as reflected in the IEP.
- ~~Service Providers~~OCWDB Business Solutions shall allow for at least fifteen hours a week of work, but no more than 30 hours and not to exceed 120 hours per month. More than 120 hours in a month will require approval from the Orange County Director of Workforce Development.
- Pay an hourly wage at a rate of pay that meets at least the California minimum hourly wage and at the same rates as similarly situated employees or trainees, subject to the Fair Labor Standards Act
- The maximum allotment for a participant's wage is ~~\$6,200.00~~5,500.00. If it is determined necessary for a participant to receive hours or wages exceeding the maximum allotment, the ~~Service Provider~~OCWDB Business Solutions must request advance approval from the Orange County Director of Workforce Development.
- Service Providers may only use up to 10 percent of adult and dislocated worker formula funds for Work Experience and Transitional Jobs.
- Availability of additional funding may also be cause for changes and/or exemptions to this policy.

4. Worksite Monitoring

- ~~Active worksites shall be monitored by OCWDB staff and the Service Provider at least two times each program year to ensure compliance with the Worksite Agreement.~~OCWDB Business Solutions will conduct worksite monitoring with each active worksite at least twice per program year and complete WEX Desk Procedure Attachment III: Worksite Monitoring Form. Active worksites shall be monitored by OCWDB staff and the OCWDB Business Solutions to ensure compliance with the Worksite Agreement & Training Plan.
- OCWDB Business Solutions will conduct an annual on-site visit to complete the Initial Worksite Evaluation Form to ensure they remain in compliance

5. Timesheets

- Participants in a work experience will be hired and compensated by the County of Orange Contracted Employer of Record and or-compensated by Third-Party Employer of Record, ~~unless the Service Provider for the designated contract term has been grandfathered in to use a Third Party Employer of Record of their choice.~~
- County of Orange Contracted Employer of Record and/or Third-Party Employer of Record covers a participant's wages, Federal Insurance Contributions Act (FICA) and workers compensation. Work Experience participants do not receive benefits such as health care, 401K, paid-time off, overtime, etc. The employer of record will be responsible for paying all taxes.
- Payroll must be strictly based on timesheets completed by the participants, reviewed and signed by the Supervisor and duly approved by designated Service Provider Staff for payment. (See Attachment III - Model Timesheet).
- All timesheets must be kept in the participant's file (hard copy and electronically).

6. Work-Based Training Plan

A Work-Based Training Plan shall be completed for every participant prior to starting any Work Experience assignment and will accompany the Worksite Agreement. All Work-Based Training Plan documents will be kept in the participants' file.

Requirements specific to WIOA youth programs

A Work Experience is one of the 14 Youth service elements that must be made available to all registered youth participants and should be offered throughout the program year. Work Experiences are arranged in conjunction with OCWDB Business Solutions, Service Providers, and businesses in the community. A Work Experience is established on an individual basis.

The primary intent of Work Experience is to help the youth-participant(s) understand proper workplace behavior and what is necessary in order to attain and retain employment. Work Experiences should help youth-participants(s) acquire the personal attributes, knowledge, and skills needed to obtain a job and advance in employment. Work Experience can serve as a stepping-stone to unsubsidized employment and is an important step in the process of developing a career pathway. All Work Experiences should expose youth-participant(s) to realistic working conditions and task as much as possible. ~~Service Providers~~ OCWDB Business Solutions are encouraged to identify a worksite mentor that the participant can meet with on a structured basis, to assist with answering questions and addressing concerns. The mentor should be someone who is comfortable offering guidance, support and encouragement to develop the competence and characteristics of the participant.

Earn and Learn opportunities

An Earn and Learn program is a specialized occupational skills training program that includes elements required in the WIOA youth program. The program may be done in-person or through a virtual platform. The youth-participant earns a stipend/wage when participating in the "live" classes and when completing projects required for the program. A youth-participant is expected to have a "product" upon completion of the Earn and Learn program. ~~Service Providers shall provide participants in the Earn and Learn program up to 600 hours paid at minimum wage, in line with the general youth experience guidelines.~~ In line with general youth experience

guidelines, participants must not exceed thirty (30) hours per week and may not exceed \$550.00 per week paid at \$17 per hour.

Youth Work Experience Funding Requirements

Service Providers must spend at least 30% of their overall WIOA youth funding, after subtracting the administrative costs, on Work Experience (WEF) activities, including participant wages as well as staffing costs associated with the development and management of Work Experience, even if the Work Experience is unpaid. Allowable expenditures beyond wages may include the following:

1. Staff time spent identifying potential work experience opportunities.
2. Staff time working with employers to develop the work experience.
3. Staff time spent working with employers to ensure a successful work experience.
4. Staff time spent evaluating the work experience.

The U.S. Department of Labor considers the phrase "when school is in session" to mean the scheduled schooldays of the public school system in the county where the minor resides. A school week under federal standards is any week during which school is in session for at least one day. Thus, school is considered in session during any week that has at least one scheduled schoolday. Since the school session is derived from the schedule for the county's public schools, school may be considered in session for a minor who attends a private school that is closed during the summer if the public schools are in session at that same time.

**A "schoolday" is any day that the minor is required to attend school for 240 minutes or more.

BACKGROUND

The Workforce Innovation and Opportunity Act (WIOA) provides local Workforce Development Boards (WDBs) the discretion to provide supportive services deemed appropriate to participants who are enrolled in and actively engaged in individualized career services or training activities and coincides with participant’s Individual Employment Plans (IEP). Moreover, the legislation provides the highest quality supportive services, so that participants are successfully able to complete activities, secure and

sustain employment and credential attainment, and earn a livable wage. WIOA regulations describe supportive services as “services that are necessary to enable an individual to participate in activities authorized under WIOA.”

Although WIOA gives local WDBs guidelines for supportive services, it also provides the local WDBs with the flexibility to adopt supportive services that positively influence each local area. Supportive services may only be provided to participants who are unable to obtain supportive services through other programs that provide such services. Participants must demonstrate that they have made every attempt to find other resources that could provide the supportive service funding including resources outside of the local area if applicable.

Adult and Dislocated Workers

Supportive services may be provided to WIOA Adult and Dislocated Worker participants to enable an individual to participate in career services and/or training services. WIOA-funded supportive services must be a last resort; referrals to other services are to be done first. Individuals identified as needing ongoing supportive services must still be participating in career services, training activities, or both to continue to receive supportive services. Supportive services are not allowed for adults and/or dislocated workers in follow-up. Referral and linkage to other community resources can be performed during follow-up to address need, however payment for any supportive services using WIOA funding is not allowed.

Youth Program

Supportive services can be provided to WIOA Youth during program participation and during follow-up services. WIOA-funded supportive services must be a last resort; referrals to other services are to be done first. They must be provided based on the needs of the participant as identified in the youth’s Individual Service Plan (ISP). During follow-up, youth are eligible for supportive services to ensure success in employment, postsecondary education, and/or training.

WIOA regulations stipulate that in order for exited youth participants to receive follow-up supportive services, “the follow-up services must be conducive of more than just a contact attempt in order to secure documentation, or to report a performance outcome”; supportive services must correlate with performance outcomes and be “determined based on the needs of the individual.”

Special/Non-WIOA Programs

OCWDB has administrative oversight of several special and non-WIOA-funded programs. All staff shall adhere to the policies and procedures provided herein, unless specifically noted.

Supportive Services may include, but are not limited to:

- 1. Linkages to community services;
- 2. Assistance with transportation;
- 3. Assistance with child care and dependent care;
- 4. Assistance with housing;
- 5. Needs-related payments;
- 6. Assistance with educational testing;
- 7. Reasonable accommodations for individuals with disabilities;
- 8. Legal aid services;
- 9. Referrals to health care;

10. Assistance with uniforms or other appropriate work attire and work-related tools, including such items as protective eye gear;
11. Assistance with books, fees, school supplies, and other necessary items for students enrolled in post-secondary education; and
12. Payments and fees for employment and training-related applications, tests, and certifications.
13. Expenses associated with a participant's entrepreneurship activities:
 - Pay for California Secretary of State business registration
 - Local business registration within Orange County
 - Local permit to operate as a sidewalk vendor within Orange County
 - Purchase equipment (limit less than 3K) following proper procurement and approval procedures
 - Purchase supplies (limit less than 3K) following proper procurement and approval procedures

The purchase of bulk supportive services (i.e bus passes, gas cards) is allowable but must be paid with non-WIOA funds. Once a supportive service has been distributed to a participant, the individual supportive service can be included on the monthly WIOA program invoice for reimbursement.

Disallowed Supportive Services

Supportive services will not be provided for expenses incurred prior to participant's enrollment in WIOA career services and training. Additionally, the following do not qualify for supportive services:

1. Fines, penalties, interest payments, traffic violations, late finance charges, damages and other settlements;
2. Refundable deposits;
3. Taxes;
4. Child support payments;
5. Membership fees (i.e fitness club, social club, annual fees, etc.)
6. Entertainment;
7. Auto loan or mortgage payment;
8. Alcohol, tobacco or recreational drugs;
9. Pet products;
10. Plants or plant supplies;
11. Items for family members, friends, or anyone who is not the participant;
12. Groceries, or other food items; or
13. Personal medical/health expenses.

WIOA Title 1 funds must not be spent on employment generating activities, investments in revolving loan funds, capitalization of businesses, investment in contract bidding resource centers, economic development activities, or similar activities, unless they are directly related to training for eligible program participants. For purposes of this restriction, employer outreach and job development activities are directly related to training for eligible participants.

Policy and Procedures

BACKGROUND

The Workforce Innovation and Opportunity Act (WIOA) provides local Workforce Development Boards (WDBs) the discretion to provide supportive services deemed appropriate to participants who are enrolled in and actively engaged in individualized career services or training activities and coincides with participant's Individual Employment Plans (IEP). Moreover, the legislation provides the highest quality supportive services, so that participants are successfully able to complete activities, secure and

sustain employment and credential attainment, and earn a livable wage. WIOA regulations describe supportive services as “services that are necessary to enable an individual to participate in activities authorized under WIOA.”

Although WIOA gives local WDBs guidelines for supportive services, it also provides the local WDBs with the flexibility to adopt supportive services that positively influence each local area. Supportive services may only be provided to participants who are unable to obtain supportive services through other programs that provide such services. Participants must demonstrate that they have made every attempt to find other resources that could provide the supportive service funding including resources outside of the local area if applicable.

Adult and Dislocated Workers

Supportive services may be provided to WIOA Adult and Dislocated Worker participants to enable an individual to participate in career services and/or training services. WIOA-funded supportive services must be a last resort; referrals to other services are to be done first. Individuals identified as needing ongoing supportive services must still be participating in career services, training activities, or both to continue to receive supportive services. Supportive services are not allowed for adults and/or dislocated workers in follow-up. Referral and linkage to other community resources can be performed during follow-up to address need, however payment for any supportive services using WIOA funding is not allowed.

Youth Program

Supportive services can be provided to WIOA Youth during program participation and during follow-up services. WIOA-funded supportive services must be a last resort; referrals to other services are to be done first. They must be provided based on the needs of the participant as identified in the youth’s Individual Service Plan (ISP). During follow-up, youth are eligible for supportive services to ensure success in employment, postsecondary education, and/or training.

WIOA regulations stipulate that in order for exited youth participants to receive follow-up supportive services, “the follow-up services must be conducive of more than just a contact attempt in order to secure documentation, or to report a performance outcome”; supportive services must correlate with performance outcomes and be “determined based on the needs of the individual.”

Special/Non-WIOA Programs

OCWDB has administrative oversight of several special and non-WIOA-funded programs. All staff shall adhere to the policies and procedures provided herein, unless specifically noted.

Supportive Services may include, but are not limited to:

- 1. Linkages to community services;
- 2. Assistance with transportation;
- 3. Assistance with child care and dependent care;
- 4. Assistance with housing;
- 5. Needs-related payments;
- 6. Assistance with educational testing;
- 7. Reasonable accommodations for individuals with disabilities;
- 8. Legal aid services;
- 9. Referrals to health care;

- 10. Assistance with uniforms or other appropriate work attire and work-related tools, including such items as protective eye gear;
- 11. Assistance with books, fees, school supplies, and other necessary items for students enrolled in post-secondary education; and
- 12. Payments and fees for employment and training-related applications, tests, and certifications.
- 13. Expenses associated with a participant’s entrepreneurship activities:
 - Pay for California Secretary of State business registration
 - Local business registration within Orange County
 - Local permit to operate as a sidewalk vendor within Orange County
 - Purchase equipment (limit less than 3K) following proper procurement and approval procedures
 - Purchase supplies (limit less than 3K) following proper procurement and approval procedures

The purchase of bulk supportive services (i.e bus passes, gas cards) is allowable but must be paid with non-WIOA funds. Once a supportive service has been distributed to a participant, the individual supportive service can be included on the monthly WIOA program invoice for reimbursement.

Disallowed Supportive Services

Supportive services will not be provided for expenses incurred prior to participant’s enrollment in WIOA career services and training. Additionally, the following do not qualify for supportive services:

- 1. Fines, penalties, interest payments, traffic violations, late finance charges, damages and other settlements;
- 2. Refundable deposits;
- 3. Taxes;
- 4. Child support payments;
- 5. Membership fees (i.e fitness club, social club, annual fees, etc.)
- 6. Entertainment;

- 10. Plants or plant supplies;
- 11. Items for family members, friends, or anyone who is not the participant;
- 12. Groceries, or other food items; or
- 13. Personal medical/health expenses.

[WIOA Title 1 funds must not be spent on employment generating activities, investments in revolving loan funds, capitalization of businesses, investment in contract bidding resource centers, economic development activities, or similar activities, unless they are directly related to training for eligible program participants. For purposes of this restriction, employer outreach and job development activities are directly related to training for eligible participants.](#)

BACKGROUND:

Under the Workforce Innovation and Opportunity Act law, Local Workforce Development Boards are required to award contracts to youth service providers, using a competitive procurement process. Orange County Workforce Development Board is required to award grants or contracts to youth service providers to carry out youth workforce investment activities, identify youth service providers based on criteria established in the State Plan and take into consideration the ability of the provider to meet performance accountability measures based on the primary indicators of performance for youth programs. Based on the committee's request, staff have been exploring alternative programs and various funding strategies to serve disadvantaged youth. Staff have researched youth demographics in Orange County and shared information with the committee. Staff have also met with Third Sector, a third party vendor to explore alternative programs and different types of contracts. Third Sector provided the committee an overview of different types of contracts. This action item is for the committee to approve moving forward with exploring the opportunity to develop a special program to serve youth with disabilities in Orange County and to seek approval from the Department of Labor (DOL) and State to enter into a performance based contract.

RECOMMENDATION(S):

1. Approve moving forward with exploring the opportunity to develop a special program to serve youth with disabilities in Orange County with prior approval from DOL and the State.
2. Approve exploring the possibility to pilot a cost reimbursement plus performance based contract for a special program with prior approval from DOL and the State.

Enrollment, Intake, and Assessment	<p>Enrollment, intake and assessment opportunities continue to demonstrate an upward increase mostly due to VEAP Project staff mobility within the community as well as new outstation locations to reach eligible participants where they are most likely to engage with other types of community services needs such as unemployment services.</p> <p>VEAP Staff have encountered significant increases in barriers such as behavior health issues that delay participant integration into sustainable employment. Many Participants are assessed as special disabled due to increased barriers and military service-related issues that most require reasonable accommodations to adequately perform in the workforce</p>
Co-Enrollment (WIOA Title I-IV, CalWORKS, CalFresh, other)	<p>VEAP Project staff have identified slower opportunities to co-enroll participants with the new WIOA Title I provider as new ITA's are slow to develop. VEAP staff has experienced participant frustrations with delayed co-enrollments to facilitate trainings for up-skills development leading to significant redirecting of client focus on career pathways,</p>
Program Services (Intensive Case Management, Integrated Resource Teams, Supportive Services, Referrals)	<p>During the report period (October- December 2022), VEAP staff continue to incorporate a supportive employment style to guide intensive case management services to enhance participant career and training needs.</p>

	<p>Housing instability due to the lack of economic growth and self-sufficient income continues to be the primary focus of many participants. VEAP's collaboration with Orange County's Coordinated Entry services facilitates direct contact with housing specialist to address any barriers to housing so that participants may adequately focus on workforce reintegration.</p>
<p>System Change/Alignment (Plans, MOUs, policy, procedures, data sharing, blending and braiding resources, sustainability)</p>	<p>VEAP project staff has an ongoing challenge of guiding participants to address their behavior health and immediate stressors that contribute ineffectual self-management skills.</p> <p>To adequately address the needs of Participants, VEAP staff continue to seek out integration with various partners to holistically address each individual participant from a human-centered approach.</p>
<p>Staff, Project Team, Stakeholder Training/Capacity Building</p>	<p>VEAP staff continues capacity building and partnership driven outreach to inform and educate stakeholders of program value as well as enhancement to existing service partners.</p>
<p>Business/Employer Engagement</p>	<p>VEAP Project staff and Jobs for Veterans State Grant program staff meet monthly to discuss employer engagement and co-case management strategies to support program participants on their career pathway.</p>
<p>Other – Describe</p>	<p>During this Seventh Quarter report period (October-December 2022), VEAP staff continue to actively participate in community events that attract veteran's and military members. Program mobility between our One Stop Centers in Garden Grove and at Joint Training Base Los Alamitos facilitate equitable access to our workforce system however participant self-management skills continue to present barriers to individual engagement and immediate career success.</p>

Successes and Challenges For This Quarter

4. Best Practices/Lessons Learned: Detail any notable achievements made, obstacles encountered and overcome, identified best practices, lessons learned, and/or ongoing challenges.

The VEAP Project staff's notable achievement has been our mobility to meet veterans and military where that are in their employment/ career search. VEAP's network of diverse community partnerships present opportunities for effective collaboration between various agencies to provide leveraged service deliver in resume writing and review, mock interview strategies, and professional clothing when needed. Peer to Peer supported mentorship continues to be an asset to participant experiences navigating workforce processes.

5. Participant Success Stories: Detail any notable participant success stories including relevant information about the services strategies utilized, barriers overcome, participant challenges and accomplishments, training completions, job placements, and any other positive outcomes. Do not include any Personally Identifiable Information (PII).

During this report period, VEAP staff acknowledges the notable success stories of two participants who served on active duty, one with the U. S. Marine Corps and the other U. S. Army. Our U.S Marine veteran was underemployed searched may opportunities to change his career, reduce his current commute of 2 hours a day, and continue to pursue his degree program at CSU Long Beach. He attended an Orange County sponsored career fair and connected with a VEAP staff member, who was effective at developing a career plan with clear attainable goals that allowed the veteran to focus on objectives and target his career search to local organizations. The Participant was faced with multiple economic challenges and behavior health stressors that contributed to his barrier to obtaining a growth-oriented career. Once the Participant was able to actualize a career pathway that included developing interview techniques and resume writing, he successfully applied to be a Local Veterans Employment Representative under our Jobs for Veterans State Grant with the California Employment Development Department. The Participant accepted a job offer in December to become part of our local workforce family.

Our U. S. Army Veteran, transitioned to California and immediately faced housing barriers and was residing in a program supported by Volunteers of America's Supportive Services for Veterans and Family. Additionally, the Participant's behavior health contributed to her inability to effectively engage in a productive career search. After meeting with a VEAP Career Coordinator, the Participant was able to develop a goal plan focused on mock interviewing and improving communications skills. The Participant was encouraged to work on self- esteem and effectively communicate her skills to an employer. Our U.S. Army Veteran interviewed with the U.S. Department of Veterans Affairs Benefits Administration for a position as a veterans' services representative. The Participant was offered employment at the Mid-West Regional Area in November with a pay rate at the GS-11 step one.

6. Technical Assistance: Detail any technical assistance that would support or accelerate project efforts.

Section III. Progress of Grant Timeline.

A. Provide any updates for the progress of the ETA approved grant timeline/work plan, including program activities, key deliverables and products available this quarter and in future quarters for broad dissemination to the workforce system, if applicable. This includes identifying products and deliverables available for broad distribution via ETA-hosted web sites and other communication vehicles.

B. Utilize the timeline in the grant's SOW to identify all major program activities and training for the reporting quarter. The timeline will paint a picture of project flow that includes start and end dates, schedule of activities, and projected outcomes. It is important that the timeline be updated each quarter noting the actual date of each activity's completion as accomplished.

C. The following items will be assessed during the progress of the grant: project goals, benchmarks, milestones, special events, important deadlines, and deliverables.

D. Include any challenges or concerns the project has encountered that may have affected or slowed grant progress of the timeline/work plan and how the project intends to resolve them.

E. Describe the next steps or key areas of emphases planned for the project in the next quarter.

F. Also use this section to collect additional information that details the status of capacity building activities and/or the development of deliverables occurring under the grant (if applicable), highlighting those that have been completed, and assessing how well the capacity building strategies of the program are meeting the training needs of the targeted industries through previously identified impact measures. Grantees who have nothing to report should indicate so.

Goals:

For the period under review, the following goals were planned:

1. Enroll 90 dislocated workers into the program and 75% of participants co-enrolled into WIOA Title 1
2. Complete the development of the program outreach materials.
3. Train the case management team

1. Comprehensive Case Management Services

The program forecasted a goal of 100 enrollments by December 31, 2022. The goal was achieved when 90 new dislocated workers were enrolled into the program between October 1 to December 31, 2022. 85% of enrolled participants are co-enrolled into WIOA.

2. Outreach Materials

The Program completed the layout and design of its branding and outreach materials which included flyers, brochures and folders, a web page and business cards ready for production.

3. Training

A series of trainings were completed with the program team. These trainings included local policies, case management, eligibility, enrollment, co-enrollment, ITA's, Object Assessments and IEP's.

4. Virtual One-Stop/Learning Management System

The County completed its IT risk review and has contracts ready. The County now needs to seek the necessary approvals before moving into executing a contract with the vendor.

5. Risk Analysis:

- a) The grant does not have sufficient staffing to execute the program activities. The grant was approved for 8 case managers; however, the County continues to face challenges in acquiring these resources. Multiple strategies were attempted but were unsuccessful. The limited size of the program team impacted our ability to reach the program enrollment goals.
- b) The second challenge is the limited and aggressive timeframe to execute the grant. With a 12-month late start, the program is expected to enroll 60 individuals monthly, at minimum, to succeed. We believe this is unachievable with limited resources.
- c) We have not received approval to date for the procurement of the mobile unit based on our proposal submitted December 16, 2022.
- d) The implementation of the Virtual One Stop is delayed pending determination of funding sources.
- e) We are unable to execute a contract for job placement services timely to benefit participants in the program

Section IV. Development and Implementation of Effective Practices and Program Model Strategies.

A. Describe how your program model is working towards/has realized the program's intended purpose as well as the goals/objectives and activities outlined in your grant application and work plan. Examples may include developing and implementing an outreach campaign, designing education and training programs, identifying industry sectors and engaging employers, aligning policies and programs, measuring systems change and performance, developing new or enhancing existing curriculum or industry training, and creating new career assistance tools and resources.

B. Grantees may also describe any lessons learned and how those lessons learned will be integrated into ongoing grant activities.

C. Those grantees who have no progress to report on the above items should indicate so.

Outreach:

The program used a pro-active outreach strategy in both participant outreach and partnership engagements. Through our partnership with the Rapid Response Unit, we engaged with 206 dislocated workers at 11 rapid response sessions. We converted 38% of the applications received from rapid response into program enrollments. We partnered with the WIOA Title 1 Service provider and contacted RSEA eligible individuals. 30% of our participants were RSEA eligible.

Through our engagements with rapid response unit, we engaged with large numbers of Latino and Vietnamese populations and learned that these populations faced significant cultural barriers, needed ESL, and were basic skills deficient. Earnings ranged between \$18-\$22 and were with the same company for more than 10 years. We recognized the need to partner with WIOA Title 2 to explore opportunities for these workers. Many of these workers were older than 45 and their primary focus was quick re-employment. In our case management we experienced that many were apprehensive to training and ESL and gravitated to jobs with their native tongue in the hospitality industry.

72% of enrolled participants were referrals from the Front desk staff of the AJCC. The Program trained the front desk staff on how to identify eligible individuals. A direct referral to the case manager of the day where in-depth evaluation was conducted. We continued with regular check-ins with the team.

Comprehensive Case Management

86% of enrolled participants are co-enrolled into WIOA. This practice allowed the program to leverage \$7,252.33 in supportive services, and 40 ITA's estimated at \$214,541. It also allowed us to provide on-going cooperative comprehensive case management. Monthly cooperative case management meetings were facilitated with all our partners to move participants through the case management process.

Re-Employment

Since it was the last quarter of 2022, many participants opted to start their job search in January 2023. As seen in slide 9, case managers spent most of their time evaluating individuals for the program, preparing objective assessments and IEPs. Many participants used this time getting job ready. During this period, the program team started collaboration with Business Services Unit.

Section V. Status Update on Match and/or Leveraged Resources *(if applicable)*.

Please use this section of the narrative to provide an update on the status of all match and/or leveraged resources.

A. Identify any funding needs and sources, and report the cumulative amount of any match and/or leveraged resources provided by the grantee and partners each quarter. Match resources are required resources, from non-Federal funds, that support the allowable grant activities. Only grants with a match requirement should report on match. Leveraged resources are those additional resources the grantee and its partners may be providing to support the implementation of the grants. Leveraged resources may take the form of cash or in-kind donations. Please indicate any new leveraged resources that may be used to sustain the project after the life of the grant, if applicable.

B. The update may include:

- organizations that contributed the resources;
- ways in which the resources were used during the current quarter;
- cumulative amount of match and/or leveraged resources; and
- type of match and/or leveraged resources contributed to the project.

C. Grantees should indicate if they have no required match or additional leveraged resources on which to report. Please note that both match and leveraged resources must also be reported on the Financial Status Report (ETA-9130) quarterly, if applicable.

The program leveraged \$7,272.33 in Supportive Services and 40 ITA's estimated at \$214,541.

5 participants used supportive services. The largest spend represented housing assistance. Other supportive services covered utilities and transportation assistance.

10 participants are in active ITA's with an additional 30 participants approved with future start dates. We recognize that our case management teams are channeling individuals into the County's growth sectors of Healthcare, IT, Manufacturing and Hospitality. 23% of the approved ITAs are in healthcare, 20% in trucking, and 15% in IT.

Section VI. Status Update on Strategic Partnership Activities *(if applicable)*.

The purpose of this section is to describe how the partnership is working together to implement the project and to communicate the dynamic growth and development of the strategic partnership, including cross-agency partnerships. This section is not intended to be a list of every partner meeting or communication, but rather should reflect the results and outcomes from such interactions and their impact on the project. Completing this section of the report allows grantees to reflect critically on their partnerships and contributes to broader discussions among grantees on partnership development and management.

A. Report the critical aspects of the grant partnership activities, including establishing and maintaining strategic partnerships, during the reporting period.

B. This section may:

- discuss how partners have been engaged during the current phase of the project;
- outline specific roles and contributions of each partner during this quarter;
- identify any challenges encountered/resolved in the development and management of the partnership; and

- report new partners that may have been brought into the project or identify any previous partners that may have left the project. Grantees who have nothing to report should indicate so.

The success of the program depends on relationships with our partners to leverage resources and cross referral of participants. We continued to engage with all our partners regularly. Key partnerships achievements during this period included:

1. Implemented the workflow between Santa Ana WFB and Anaheim WFB.
We recognized the limited resources available to WIOA participants in Santa Ana Workforce Area and the Anaheim Workforce Area. We successfully completed our workflow and started referring participants among the workforce boards.
2. Coordinated with the UI department- this partnership benefited our participants in applying for UI benefits to be eligible for our program.
3. Continued to strengthen our partnership with WIOA Title One Service provider. 86% of our participants were co-enrolled. This continued engagement ensured that participants were co-enrolled timely and services were provided.

The program participated in capacity building activities through monthly partner meetings. These meetings addressed community needs as they pertain to outreach, training and development, employer engagement, policy alignment and other aspects of workforce development as identified.

Section VII. Status Update on Employer Engagement Strategies.

A key element of the Workforce Innovation and Opportunity Act and affiliated workforce programs is to strengthen employer engagement in the workforce system and to ensure employers have an active role in workforce system activities. The purpose of this section is to share information related to promising practices and strategies that have strengthened existing employer partnerships.

A. Report the efforts that have been undertaken to receive feedback from local area employers to identify their employee pipeline needs and engage local employers to interview, assess, train, and/or hire program participants. Examples may include:

- increased employer involvement including employers serving as mentors,
- program staff and employers identifying ways to encourage continuous improvement to hire program participants;
- new employer partnerships (e.g., increased number of employers); and
- positive employment outcomes for program participants (e.g., employers support the hiring and advancement of program participants).

The program started bi-weekly meetings with the Orange County Business Solutions unit. Through these conversations we reviewed participants eligibility for OJT's and job opportunities posted by the Business Solutions Unit.

Section VIII. Key Issues and Technical Assistance Needs.

A. Summarize significant opportunities, issues, or challenges (such as under-enrollment) encountered during the quarter and any resolution of issues and challenges identified in previous quarters. Furthermore, describe actions taken or plans to address issues,

B. Describe questions you have for ETA, as well any technical assistance needs.

C. Additionally, for SCSEP grantees, this section should include information on recruitment of eligible applicants, meeting the most in need goal, and over/under enrollment challenges.

D. Grantees who have nothing to report should indicate so.

Orange County continued to encounter key issues throughout the planning phase of the grant activities. Challenges in procurement of good and services along with delayed staffing recruitments have impacted orange County's ability to implement programs and activities. The County of Orange has decided to close the program and return the funding to the Department of Labor. The County is currently coordinating these activities with the Department of Labor.

Section IX. Significant Activities, Accomplishments, and Success Stories.

This section is intended to provide additional, more in-depth information than the summary section about promising approaches, new processes, and/or lessons learned.

A. Report on any other significant activities and accomplishments.

B. Describe in detail promising approaches, innovative processes, lessons learned, and grant- and participant-level success stories in this section each quarter, as appropriate.

C. Additionally, if appropriate, please highlight one or two grant- or participant-level "success stories" from the grant per quarter, with the participant's express permission (if providing a participant success story).

• In documenting success stories, please describe:

- background, problem, issue, or concern prior to project involvement;
- response or intervention provided by the project;
- results and outcomes, including who benefited and what changed or improved; and
- evidence of the success, including how the data was obtained and the methods used to measure success.

D. Grantees can also include promising practices and success stories as additional documents for upload.

E. Grantees who have nothing to report should indicate so.

Key successes of the program include:

1. Enrollment and co-enrollment-

Considering this was a new program, 109 enrollments ramped up very quickly with 86% co-enrollments into WIOA facilitated.

2. Leveraged Resources

65% of participants sought training in Orange County's growth sectors. This is reflective of the quality of cooperative comprehensive case management.

3. Disinvested Communities

47% of the participants enrolled in the program are from disinvested communities reflective of the effectiveness of our outreach efforts. Disinvested communities is a focus of the grant.

4. Partnership Effectiveness

72% of our enrollments were from partnerships referrals.

The program connected effectively with key partners early which allowed the program to leverage supportive services, ITA's, services for an older workforce, individuals with disabling conditions, among many other resources.

5. Outreach

38% conversion rate on applications received from Rapid Response. The program used a pro-active model in reaching dislocated workers by partnering with Rapid Response Unit. The program also pro-actively contacted individuals eligible for RSEA via telephone.

Section X. Evidence and Evaluation.

This section is intended to provide information to DOL on how evidence and evaluations are being developed and applied. This information may help DOL to plan for future evaluation needs.

A. Describe how the grantee is using or planning to use data, evidence, and evaluation findings to make improvements to programs and strategies? In this explanation, please include a discussion on accomplishments, strategies being implemented, and any barriers to success.

B. Please provide an update on participation and status of any evaluations required as part of the funding announcement or award. Please include any requests for technical assistance related to these requirements.

C. Please include information if the grantee is participating in any studies or evaluations not required as part of the grant award, including any internal evaluations? Please describe the study, any data sources, and whether a third party is managing this project.

D. As part of the evaluations described above, or as a separate stand-alone data analysis project, is the grant using, or does it have plans or a desire to use, administrative data to better understand the grant program or the population it serves? If so, what data sources has the grant been able to use or planned/desired to use? If so, what research or management questions do/can these data help the grant answer?

The program enrolled 100 individuals with a 50/50 male to female ratio as of December 31, 2022. 37% of the participants in the program are over the age 55 indicative that we are serving an older

population. Our partnership with the SCSEP program allowed us to make referrals for individuals who were long term unemployed.

40% of participants are Hispanic, 39% white, 19% Asian and 2% African American. Generally, this is representative of the ethnic composition of Orange County.

Almost 40% of our participants are basic skills deficient. These are line workers and mostly from our Vietnamese and Latino populations we engaged at rapid response sessions. These populations face multiple cultural barriers and are English language learners. They have extensive work experience but no certifications. Through individual counseling, we learned that they are apprehensive to training and ESL programs even though they are counselled on how disadvantageous it is to them.

Disinvested communities are a focus of this program. 47% of the participants enrolled are from disinvested communities, with most of our participants from the Garden Grove Area and Buena Park. 53% of our participants are low income, 12% benefit from public assistance and at least one participant benefitted from SSI.

We continue to see a highly educated workforce touching our workforce system. At least 46% of the participants enrolled in the program have an Associate's Degree or higher. 10 participants did not have a high school diploma.

Since the participants are within their first 3 months of case management toward the end of the 2022, the case management team expended most of their time doing initial assessments and preparing employment plans. We expect to see individuals focused more on job searches in 2023.

65% of our participants are seeking training in the County's growth sectors. We are experiencing many individuals laid off from the Mortgage industry and are pivoting their careers to field like medical billing and coding and project management. We also see an increase in the ITA's for the trucking because of the labor shortage in this industry.

Section XI. Additional Information *(if applicable).*

A. Provide other grant-specific information considered to be important yet not captured in other sections of the quarterly narrative report. For example, the specific outcomes included in the SOW that are not reflected in the quarterly performance report.

B. Additionally, for SCSEP grantees, this section should include information on the:

- status of the activities described in their training and supportive services waiver request,
- progression on special projects, and
- status of any complaints/grievances.

C. H-1B grantees are asked to report any outcomes in this section that may or may not be reflective of outcomes that are reflected in the Quarterly Performance Report form.

Orange County has no additional information to report on for the reporting period of October 1, 2022, to December 31, 2022.
