NARRATIVE REPORT

COUNTY NAME: Orange County

DATE: 04/17/2023

### Performance Narrative:

1. *The Orange County Workforce and Economic Development Division (OCWEDD) continues to partner with the Cities, Chambers of Commerce, Public Libraries, and other organizations throughout Orange County to provide outreach for the program. The program relaunched on Monday, May 09, 2022, and closed on Friday, September 30, 2022. After said deadline we still had about \$667,500 left to award, therefore we reopened the application on November 03, 2022. OCWEDD continues to provide live support to applicants and awardees during normal business hours through the Economic and Business Recovery call center with translation services in more than 240 languages.*

*In efforts to better reach the programs target demographics, Orange County CEO Executives conducted a social media campaign by sharing the program on all social media platforms. We have also shared it with our board members so they can share the program with their networks. We would also utilize our social media and website to post information on the program so that we may distribute the remaining funds in a timely manner.*

2. *In addition to the outreach strategies mentioned above, street canvassing was performed by program staff in Orange County neighborhoods handing out flyers to sidewalk vendors. The County's libraries, Workforce Solutions Center and Mobile One-Stop center were all made available to applicants to provide access to the application site if needed.*

### Schedule:

*The program was relaunched on May 9, 2022 with new applications accepted and eligible businesses awarded on a first-come, first-serve basis until the remaining program funds are allocated. A second press release was issued, and new flyers were created and distributed for the relaunch.*

*New applications were reviewed on a weekly basis for eligibility. Eligible businesses were notified and were sent via DocuSign the grant agreement and Form W-9 to complete. Every Friday checks requests are sent to the County's Auditor Controller to disperse payments to the awardees who have submitted their documents. We continue to send the required documents via DocuSign to the businesses who have not submitted them to distribute the funds in a timely manner.*

*A Document Portal was created and made available for awardees to upload their receipts, photo identification and business documentation on June 1, 2022. Directions on how to access and use the document portal was sent to all awarded businesses on May 31, 2022 (or as awarded if awarded after May 31, 2022). This direction email included guides in English, Spanish, Vietnamese, Korean and Chinese. The deadline to submit documentation was December 30, 2022, for all rounds approved in 2022. We have started the process of reviewing the documents of the businesses that have already uploaded documentation. We still have several businesses who have not submitted documentation, therefor we continue to reach out to said awardees to ensure we collect the required documentation.*

*The grant was closed on Friday, September 30, 2022, and was relaunched on November 03, 2022. As of March 31, 2023, we are no longer accepting applications. We have awarded 1,440 Microbusinesses and have about \$75,000 grant funds left to distribute. Since we have very limited funding, we are approving applications and providing them with a strict deadline to submit required documentation. Failure to submit the required W-9 and Agreement by said deadline results in the cancellation of application, so we can then roll over the grant to the next eligible business. In doing so we hope to distribute all remaining funds by the end of May 2023.*
